IMPACT New Generation

Petroșani, Romania

18 December 2005

Project Summary

The project aims to offer an enjoyable afternoon for the 150 beneficiaries from the day center “Save the Children”, Petrița. This year, the second edition of this project is being organized. In December 2004, our club carried out a similar project for the beneficiaries from “Save the Children”, which led to the creation of a partnership with this organization.

Problem Statement / Justification

During the winter holidays, the children from the center “Save the Children”, Petrița, usually receive many presents from sponsors and from other financiers of the organization. We thought that the children could also benefit from us being there with them, spending time together and cheering them up with this occasion.

Objectives

- Fundraising campaign for the acquisition of presents (each beneficiary will receive a present, the equivalent of 10 lei);
- Organization of a party, before the winter holidays, in order to entertain the beneficiaries;
- Offering children from the center the presents bought after the fundraising campaign.

Budget

The budget of this project was 15 million lei (ROL).

Activities

- Obtaining the funds, through sponsorship and donations;
- Organization of the party by the members of IMPACT Petroșani club;
- Decorating the room and obtaining the necessary equipment;
- The members of IMPACT Petroșani club offer children the Christmas gifts.

Evaluation

The beneficiaries of this project have been 150 children from the center “Save the Children”, with ages from 3 to 18 years old. The event has been a good occasion for these children to spend a day together with youth of their age, who prepared for them a diverse program of music, games and contests, in a Christmas atmosphere. For the IMPACT members, this project has been an important occasion to learn how to organize a fundraising campaign, as well as an occasion to demonstrate their understanding and dedication for those who are less advantaged.
